

July 10th, 2007

Dear Erick:

Hi, thanks for the great job today. Can't express just how happy I was to have our new surfacing. The children are outside now, playing and I might add how happy I am to know that they now have a safe environment to play on. Our children are Infants through three and I have been worried for sometime that they may fall and get hurt. Now I feel confident that they are truly safe.

The crew was excellent. Professional, pleasant and went right to work. No nonsense! What a TEAM with a great big T.
