

Product Comparison: – Loose Filled Materials

- High maintenance costs
- Constant Replenishment
- Raking and Leveling
- Weekly inspections
- Hidden debris (glass, etc)
- Unsanitary conditions
- Potential eye damage
- Potential injury

- Loose filled materials have a low initial cost upfront. However, it demands a great deal of attention from it's owners (end-users), thus significantly increasing the TOTAL cost of ownership to the end user over time. UNITY'S costs are significantly lower over time.
