

Them (2X2's)

vs.

UNITY'S

- **Lack of a sufficient “Bolt-Down Capabilities” or larger scale tiles at inner city playgrounds may result in:**
 - Premature Vandalism as smaller tiles are easier to destroy.
 - Appearance Issues as smaller tiles are quicker to separate, curl and peel.
 - Trip Hazards / Injuries with damaged or missing tiles
 - Unforeseeable Problems, like missing tiles that you see in the image on the left.
 - Playgrounds that have safety violation due to the lack of personnel to maintain them.
 - Higher costs of repair and maintenance when vandalized or destroyed by weather (flooding, etc)
